*Rockbridge teachers not only challenge their students, but one another as well. Their desire to teach, learn and engage often finds them discussing issues of theology and academia with fellow colleagues.*

### *The Saving Knowledge of Christ*

The goal of public education is one of great debate. In a Christian setting however, education takes on a more distinct role, with purpose that extends well beyond self and institutional desire. At Rockbridge Academy, our aim is to glorify God with a saving knowledge of Christ. This is the foundation from which all curricula and learning at Rockbridge develops.

Rockbridge Academy is a classical and Christian school and a full member of the Association of Classical and Christian Schools (AACCS). Rockbridge is located near the historic Baltimore/Washington corridor in Millersville, Maryland, just five miles north of Annapolis.

*The classroom is the testing ground for all that our teachers prepare for. There, they realize their success and receive their reward.*

### *A Blessed Community of Scholarship*

Rockbridge Academy understands and appreciates all of the valuable blessings and resources that God has bestowed upon our school. Wonderful parents, children who are eager to learn, a supportive community, and countless other blessings contribute to making the Rockbridge environment such a special one. However, no resource is as valued or appreciated as our teachers.

Rockbridge Academy seeks to further enrich the existing teaching staff through the addition of individuals who have an overwhelming thirst for learning. This includes Masters in the field of education, as well as Scholars who aspire to become Masters. To achieve this goal Rockbridge ensures that teachers have the resources, support, and access to knowledge that they need in order to perform their duties with excellence. Rockbridge Academy offers teachers ACCS approved training opportunities such as Logos Teacher Training and participation in the ACCS Conference whenever possible. Furthermore, teachers are encouraged to advance their pursuit of mastery through the allotment of personal book allowances. This stipend is intended to accommodate the personal, scholarly endeavors that will ultimately facilitate the realization of individual study goals.

### *Joining the Rockbridge Family*

Rockbridge Academy desires teachers with a commitment to faith and scholarship in Christ to aid us in the Biblical education of the children of the Saints. As such, we offer competitive compensation and benefits, as well as the opportunity to work within a tightly-knit community of families, staff and administration. We seek to build relationships that will help to develop, nurture and bless our growing academic community.

We hope that you will prayerfully consider joining us in this effort. If you are interested in teaching at Rockbridge Academy, start by completing the attached card and returning it to us. We look with anticipation to all that God will provide for our school and are excited to see how you might fit in to that plan.

*Even from the primary grades, establishing high goals breeds high results. Kindergartners are challenged in a fashion that prepares them well for the years of education ahead.*
